 PH: 763-682-3410
 FAX: 763-682-3412

I would like to present _____

Telephone: _____

APPOINTMENT

Date _____ Time _____

Many Surgical procedures of the face or mouth are accomplished more comfortably using a general anesthetic. If you are considering a general anesthetic (going to sleep), **YOU SHOULD HAVE NOTHING TO EAT OR DRINK (INCLUDING WATER) FOR A MINIMUM OF 6 HOURS BEFORE YOUR APPOINTMENT.**

If your dentist or physician has prescribed any medications for you, you may take them as prescribed with a small amount of water.

Because effects of a general anesthetic persist for some time after recovery, **YOU WILL NOT BE ABLE TO SAFELY OPERATE AN AUTOMOBILE. PLEASE BRING SOMEONE WITH YOU OR MAKE ARRANGEMENTS FOR SOMEONE TO DRIVE YOU HOME** following your anesthetic and surgical procedure.

(see map on reverse side)
