I would like to present: _____

Telephone: _____

APPOINTMENT

Date: _____ Time: _____

Many surgical procedures of the face or mouth are accomplished more comfortably using a general anesthetic. **If you are considering a general anesthetic (going to sleep), YOU SHOULD HAVE NOTHING TO EAT OR DRINK (INCLUDING WATER) FOR A MINIMUM OF 8 HOURS BEFORE YOUR APPOINTMENT.** If your dentist or physician has prescribed any medications for you, you may take them as prescribed with a small amount of water.

Because effects of a general anesthetic persist for some time after recovery, **YOU WILL NOT BE ABLE TO SAFELY OPERATE AN AUTOMOBILE. PLEASE BRING SOMEONE WITH YOU OR MAKE ARRANGEMENTS FOR SOMEONE TO DRIVE YOU HOME** following your anesthetic and surgical procedure.

REFERRALS CAN ALSO BE MADE ON OUR WEBSITE AT:
www.associatedoms.com

(see map on reverse side)
